1 5 10* 15 20					
Feedback budget multiplier β					

* $\beta=10$ reuses main-experiment trajectories. The repair includes these historical results.

Gemini: $\beta=1/5/15/20$ via OpenRouter; $\beta=10$ via Sub2. No new experiments were run for this repair.

A zero mean change can include offsetting question-level changes; counts refer to score changes.
